CESA 2 DRIVER EDUCATION NO SHOW OR LATE CANCELLATION POLICY

To qualify for Behind the Wheel (BTW) a student must have completed or be enrolled in the classroom portion of Drivers Education and have attained an instructional permit. Since the instructor must have a minimum of two students in the car to be able to provide a driving lesson, absence by one student means the other student will miss a lesson. The length of time necessary to complete Behind the Wheel will be extended.

The policy of attendance for Behind the Wheel is as follows:

Students must understand that if they cannot make their scheduled driving time, they need to contact the instructor with a minimum 48-hour notice of lesson cancellation. If you do not notify the instructor within 48 hours and the scheduled drive time was canceled by the instructor because of the absence, a \$50.00 fee will be charged. Payment is due prior to the next scheduled lesson.

This payment is only due upon missing a scheduled lesson.

I have read and understand the policy regarding missed Behind the Wheel lessons.
